EXTREME WEDDING ALBUM

Game Show

The wedding day is the most important event in a couples' relationship... and it just became a GAME SHOW!

Welcome to the brand-new reality game show, **Extreme Wedding Album!**

On their wedding day, one bride and groom will exchange the traditional photo shoot for the chance to participate in an extreme and emotional reality show! The couple's objective is to create an action-filled photo album based on the extreme missions they must perform. Each challenge that they win will help finance their wedding! Their prizes range from paying for the engagement ring to the DJ, including the incredible opportunity to win an all-expenses paid wedding!

AN ADVENTURE TO REMEMBER

Each episode of **Extreme Wedding Album** consists of three stages:

1. A meet-and-greet with the featured couple, learning about who they are, how they met, and their plans for the future.
2. Three stages of challenges, increasing in difficulty level, with incredible prizes! If the couple completes the final mission, they'll win the grand prize - a fully financed wedding.
3. The couple's wedding celebration with family and friends, captured by the **Extreme Wedding Album** cameras!

Each mission is specially tailored to the couple to reflect their personalities, to recreate elements of their dating relationship, and to celebrate their love.

The missions include:

EXTREME - The couple must be photographed while performing an extreme mission, overcoming a lifelong fear.

QUANTITY IS QUALITY - The couple must accumulate individual people or objects for a group picture, such as recreating their first date at a restaurant with all of the original waiters and staff involved!

THINK IT OUT - The couple must work together to solve a numerical riddle in order to open a safe that holds their prize.

GUERRILLA STYLE - Based on their personalities, the couple will be given a seemingly impossible challenge that they must solve only by working together. Will they be able to take a picture with the city mayor or convince a jeweler to donate one million dollars' worth of jewelry to the bride for her wedding?

LET THE CELEBRATION BEGIN!

After all of the missions have been completed, the host will accompany the couple to their wedding and announce their winnings in front of all the guests in an exciting and emotional peak to the show!
