HOW IT WORKS:

- 4 different singers, musicians or bands will face off every week.
- Every day for 4 days, 1 of them invites the other 3 to their own house to watch their performance, which will consist of 2 songs plus a special request song from the other contestants.
- The show can take place anywhere in the house of the contestant - his bedroom, his roof, his backyard!
- Accompanied by the show's host, every contestant has 1 day to prepare their chosen location, invite their friends and family and rehearse their songs.
- The other 3 contestants will score the performer according to several categories.
- At the end of the week, the contestant with the highest score will win the title and cash prize.
