

RED LINES

Legal Drama, 13 x 60 mins
Broadcaster: Kan, Israel
Production: Tedy Productions

Enter the complex world of the District Attorney's office with up-and-coming attorney Marcelle Ben-David who believes in justice above all else, even the law. After convicting the head of a major crime family, she is given a promotion under the watchful eye of the highly-esteemed D.A. As she begins working on her first assignment – a high profile case of mortgage fraud – Marcelle's disregard for the rules of the D.A.'s rigid hierarchy opens a Pandora's Box that threatens to shake the country's entire legal system. As Marcelle digs deeper into the investigation, she discovers that the corruption in the banking system is only the tip of the iceberg in a massive conspiracy. Going against her boss' wishes, Marcelle will do whatever it takes to bring justice to those involved – no matter the cost. But when she finds out that those behind it are the ones closest to her, can she stop it all before she crosses too many red lines?
