## Factual-Entertainment Series

What does it take to make a marriage work? For the first time on TV, "With this Ring" presents an honest look into the key issues troubling marriages today.

"With this Ring" delves into the depths of marriage, exploring the issues most likely to lead couples to divorce and how real couples overcame them. The issues range from infidelity to in-laws, to career and children, to money and the "40's crisis". Each episode is dedicated to one of these key marital crises, and is told from 4 different perspectives: 3 couples who suffered from this crisis in their own marriages, and the host's perspective on the issue.

Each week, the host, a famous celebrity, as well as a wife and a mother, focuses on one issue, such as cheating. She goes into the homes of three couples who have faced the crisis, and found their own unique solution for overcoming it. In intimate interviews, with both husband and wife separately, and together as a couple, they share their personal stories with touching and heart-breaking honesty. From the early days of dating, to the joy of the wedding, their journey to their personal "breaking point" is told with refreshing openness and bravery. Each story connects to build a greater overall picture of an issue, and presents alternative – and surprising – ways to triumph over common marital crises.

Throughout the series, the host, goes through her own intimate "marital therapy" sessions on-screen with a veteran marriage counselor. In a refreshing twist on the typical "bad behavior" of celebs, she shares the intimate details of her own marriage while also dispensing honest relationship advice with the participating couples and the viewers at home.

There is no such thing as a perfect marriage or an easy marriage. As each couple opens up to reveal their darkest secrets and their deepest hopes, the overwhelming message is that marriage itself is the most difficult – and the most rewarding – challenge of our lives. With a loving partnership, we are strong enough to make it through every crisis.

So let's deal with our crises before they lead to divorce. Let's talk.
