The VIP reality competition where 14 celebrities, split into two competing teams, will go through extensive flight training as they compete to be named the top of their class and experience the thrill of a solo flight. The stars are checked into a real flight academy where they will live together, go through aviation training, and compete in various missions and challenges – both in the air and on the ground. All this happens under the watchful eye of a professional aviation team who will evaluate the celebrities progress for the weekly elimination. In the finale, the top 3 finalists will perform their first ever solo flight and the season winner will be crowned. With a dedicated flight school hub, it's time to let this group of celebrities take to the skies!
