Michel took off with another woman for 3 months. Now he's home again and wants to win back Luce, his wife and the love of his life.

Can Luce ever forgive him for leaving her? And will they be able to discover their own minds, in the midst of their friends and family all trying to influence them?

Despite their tumultuous relationship, they do agree on one thing – they must put their daughter's happiness first, no matter what. And when Michel's mistress returns wanting him back and Luce starts dating another man, their already difficult situation becomes even more complicated. Will true love conquer all or are they fighting against all odds?

An honest and humorous portrayal of a very relatable situation, 'The Odds' is the award-winning romantic comedy that has created a stir in Canada.
