# WE BELIEVE IN YOU

## Game Show

**WE BELIEVE IN YOU** is the thrilling primetime entertainment game show in which a group of friends nominate a representative to answer trivia questions in order to realize a shared dream – whether it's a college soccer team flying to see the World Cup, a troupe of actors raising money to produce a theatre tour or an adventure club wanting to take on the Amazon.

### We Believe in You!

Every **GROUP** has one person that they believe is their sure-bet to win a game show - someone who's a real trivia expert behind whom the entire Group can rally and place their faith. This chosen **LEADER** must complete 3 rounds and a final of challenging trivia questions to earn the Group **CASH** toward the shared prize of their **DREAMS**.

### We Believe in Teamwork!

**But there is a TWIST...** The group has the power of belief! They preview each trivia question and decide as a group if they believe their Leader will know the answer. If so, they can up the stakes by pressing the show's huge 'We Believe' buzzer, which **DOUBLES** the question's value, but also makes it twice as **HARD**. The more they believe, the more they win!

At the end of each Round, the Group must also answer a **Group Question** that requires both physical and mental cooperation between the group members. The Leader then has just 10 seconds to either **APPROVE** or **CORRECT**. But beware, getting this question wrong means instant elimination.

In the **Final Round**, the Leader has to answer **only ONE question** in order to win the entire sum needed to make the group's dream come true. In a brand new twist, it's the Group who must select the final question for him to answer! If he answers correctly, the **DREAM** is theirs!

### We Believe in Making Dreams Come True!

What kind of dreams do we make happen on **WE BELIEVE IN YOU**? All kinds! Dreams can be anything near and dear to a team's heart: Engineering students hoping to construct an original design; a Nature Conservancy trying to build a refuge for an endangered species; a local Sailing Club that wants to enter an around-the-world boat race; a Food Bank with the goal to feed 10,000 homes at Thanksgiving; and every other dream behind which there is a passionate group and a lot of faith!

**We Believe in You - the more you believe, the more you win!**
